

BRAND STORY

- Our passion

Made By Hand is a Danish design brand with a passion for craftsmanship and timeless refined products – offering a sense of harmony and comfort to everyday life.

At Made By Hand, we are inspired by many Scandinavian craft traditions and styles - an array of opportunities to develop authentic and durable design products.

All Made By Hand design products are manufactured by local craftspeople in Denmark and abroad. We celebrate the local cultural experience and expertise for designing and crafting products by hand.

PETITE MACHINE

- Designed in 2014

The beautiful Petite Machine lights are designed by Flemming Lindholdt Studio.

The Petite Machine clearly reflects the danish craftsmanship tradition and combine modern technology with a human touch.

The name Petite Machine refers to the functionality and mobility between the shade and base. Like a machine all the internal fuctions are compressed in order to maintain a small-scale design.

PETITE MACHINE SERIES

- Meet the family

The Petite Machine series is a family of table, floor, wall and ceiling lamps. They are suitable for decorating all kinds of rooms and meet all lighting needs. The Petite Machine collection is manufactured by Made By Hand in a small workshop in Denmark, with the utmost attention to detailing and finish.

INSPIRATION

- About movement

The inspiration for the Petite Machine is about playing with movement and distances between the two circular meetings of the tube and the mounting. The design is also strongly inspired by lamp design of the 1930s and 1950s.

PALETTE

- Contemporary colours

The Petite Machine collection comes in an exclusive array of colours, and in a polished brass edition. The colour palette is inspired by the 1950s but with a reference to the clarity of contemporary colours.
